HP 635 Notebook PC
Essential Mobility

The 15.6-inch diagonal, value-priced notebook PC that keeps you productive and connected[1] on the go.

HP recommends Windows® 7.

Durable, sophisticated and affordable

The HP 635 Notebook PC is a tool for success. This notebook has a sophisticated design with a smooth matte surface and an understated pewter color for a clean, professional look. Powered by AMD processors, the HP 635 Notebook PC helps you get the job done. With an energy-efficient HD[2] 15.6-inch diagonal LED-backlit display, integrated VGA webcam,[3] and Wi-Fi,[1,4] the HP 635 is your link to the world.

Get working, right out of the box

Microsoft® Office 2010[5] is preloaded, so you can begin using your notebook for word processing, spreadsheets, or presentation projects with software similar to the office suites you've used before.

Multimedia features included

For your personal enjoyment, the professional stereo Altec Lansing speaker brings you an extraordinary listening experience. The keyboard instant keys include multimedia controls such as play, rewind, and fast forward to simplify work with video and audio files. Experience life in high-definition with the HDMI port[6] that allows you to connect directly to high-definition displays.[2,4]

Stay connected

With optional Wi-Fi CERTIFIED™ WLAN[1,4] you can send and receive e-mails or access the Internet—at work, at home, and at your favorite hotspots. You can use the integrated webcam[3] and microphone, along with your wireless connection,[1] to do web casting with no additional hardware to buy or carry. And with HP Fast Charge,[7] you can recharge your primary battery up to 90% in 90 minutes when your notebook is off.

Protection and convenience

Your data is important. With HP Recovery Manager, you can quickly recover the operating system and drivers—and get back to work—if your operating system is corrupted.

HP Support Assistant makes it easier than ever to manage your notebook. This simple preinstalled software helps you maintain PC performance and resolve problems with automated tune-ups, on-board diagnostics, and guided assistance.

HP 635 Notebook PC

HP recommends Windows® 7.

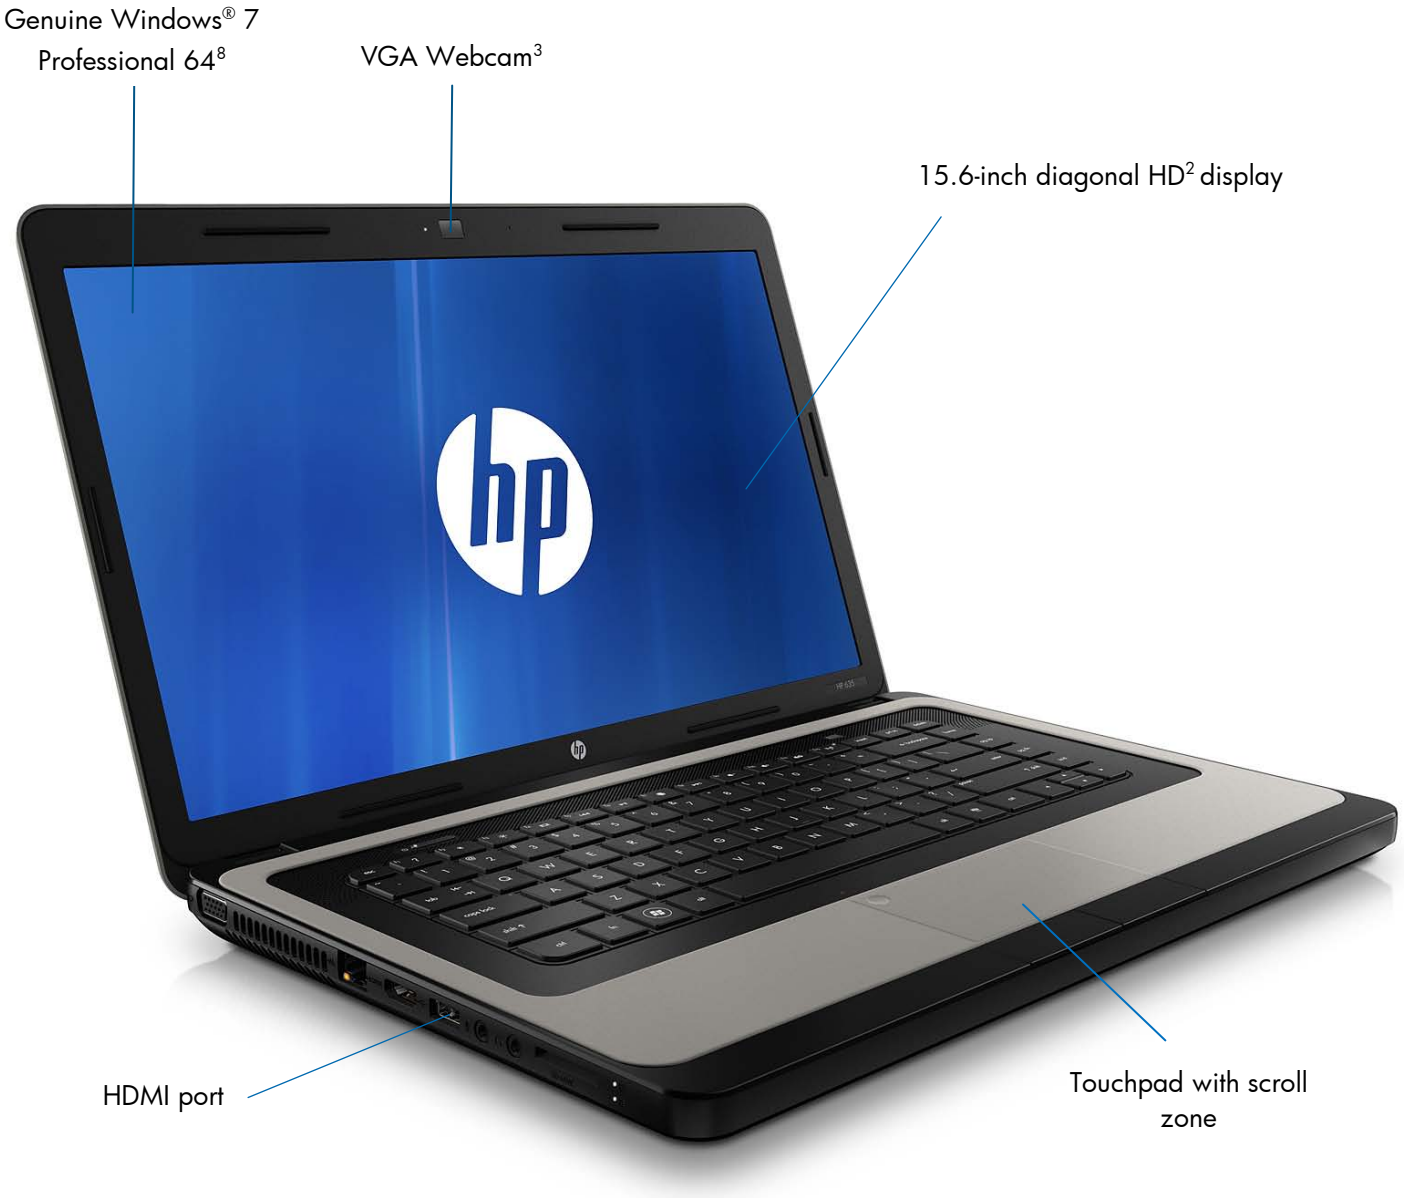
HP 635 Notebook PC

HP recommends Windows® 7.



HP 635 Notebook PC

HP recommends Windows® 7.

1 Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited.
2 HD content required to view HD images.
3 Internet service required.
4 Sold separately or purchased as an optional feature.
5 Includes reduced functionality versions of Word and Excel. Purchase of Product Key required to activate full Office 2010 suite available at participating resellers/retailers and www.office.com
6 HDMI cable sold separately.
7 Fast Charge Technology recharges your battery up to 90% within 90 minutes when the system is off. When the PC is powered on, charge time may increase and will vary based on the workload of the notebook PC.
8 Systems may require upgraded and/or separately purchased hardware to take full advantage of Windows 7 functionality. Not all features are available in all editions of Windows 7. See www.microsoft.com/windows/windows-7/ for details.
9 This system requires a separately purchased 64-bit operating system and 64-bit software products to take advantage of the 64-bit processing capabilities. Given the wide range of software applications available, performance of a system including a 64-bit operating system will vary. AMD processor numbering is not a measurement of clock speed.
10 Maximized dual-channel performance requires SODIMMs of the same size and speed in both memory slots.
11 Above 3 GB, all memory may not be available due to system resource requirements.
12 For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 15 GB of memory is reserved for system recovery software.
13 The term "10/100/1000" or "Gigabit" Ethernet indicates compliance with IEEE standard 802.3ab for Gigabit Ethernet, and does not connote actual operating speed of 1 Gb/sec. For high speed transmission, connection to a Gigabit Ethernet server and network infrastructure is required.
14 Internet access required. This product may include Norton or McAfee software. First 60 days included. Subscription required for live updates afterward.
15 Tracking and recovery is supported by an embedded BIOS agent on HP business notebooks, which is shipped turned off, and must be activated by the purchase of a subscription for terms ranging from one to five years via LoJack Pro. Service is limited, check with Absolute for availability outside the U.S., certain conditions apply. For full details visit: www.absolute.com/products/lojackforlaptops
16 Note that DVD-RAM cannot read or write to 2.6 GB Single-Sided/5.2 GB Double-Sided – Version 1.0 media.
17 Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit www.hp.com/go/lookuptool.
18 Microsoft Windows required.
